Cafeteria Contract Approved

A contract for the cafeteria operation in the new Torrance-South Bay County Building has been awarded to the State Department of Rehabilitation, Division for the Blind, Supervisor Burton W. Chace has announced.

"It has been county policy to grant concession agreements to the Business Enterprise Program of the Division of the Blind," Chace said. "Such operations have proven highly satisfactory in providing valuable services to the employees and to the sightless operators involved."

Under terms of the agreement, an operator appointed by the State Department of Rehabilitation will run a first floor cafeteria at the new Torrance facility. The space will be provided rent-free, but the operator must install the equipment.

The facility at 825 Maple Ave. is expected to open in April.

"This type of contract enables visually handicapped people to be self-supporting and has worked successfully in many County-owned and County-eased buildings," Chace said.

The contract has no time limit, but can be canceled by either party on 30 days notice.
